FOUNDERS

Mr. J. Austin

(Rtd. Executive officer)

Mrs. S. Annammal

(Rtd. Nurse)

OUR VISION

- * Our main aim is to motivate and equip the students with nursing aptitudes in the rural areas.
- * This trust is formed on the memory of the philanthropist and visionary late Mr. J. Austin with the motto of "Love your neighbour as you love yourself".
- * We also endeavour to up bring the deserving candidates especially from rural area irrespective of caste, creed or religion to render quality care to the sick.

" I Have more understanding than all my teachers for your testimonials are my meditation"- Psalm 119 : 99

Chairman's Message

Dr. Sheeba Jayalal,
M.B.B.S., D.G.O

Dear Students,

It is my pleasure and privilege to greet you all by virtue of being the chairman for the group of institutions established under our trust. I vividly recall the simple, trustful and service minded life style of Mr. J. Austin and very duty conscious prayerful, lovable, influencing life of Mrs. Annammal in motivating our spirit and empowering us with strength to take this venture of establishing Nursing institution.

It is my desire that the students of our institution shall be trained not only as a good nurse and also as a good citizen of our country. Being a Medical professional for a longer period, I know the difficulties faced by the people in the nursing profession. Remember, nursing is not only a profession but a vocation. A vocation to serve the people who are in need, console those with grief, help who are weak, heal the wounds, restore joy in times of depression and hope in despair. Hence though it is a treacherous and difficult profession, it is a noble and joyful vocation. From this day onwards you are going to be a different person. You are not only going to live for ours, but going to learn the art of living for others. More than the knowledge – your skills, more than the medicine – your words, more than the diseases – your smile are going to be the stronger weapons of healing. Tender loving care known as TLC is going to be your triumph care. If you can master it, you will be a Florence Nightingale to many.

I assure you the parents that we will take all efforts to groom your children to become a well disciplined, professionally competent, socially relevant and spiritually alive nurse in the future. Please be in touch with the faculty members and the management. Cooperate with them in this process of moulding your child, share your aspirations and expectations with us, so that we can improve still further. I am sure you will never regret for letting your son or daughter with us.

This is an unique campus where the Hospital, Hostel, College and Residence of the trustees are all in the same campus. We will be available 24 hours for your help, comfort and support. Do consider it as your home away from your house. Be mutually helpful to each other and care your neighbours. Let me wish you all a bright and prosperous future, comfortable and purposeful stay in our campus.

I wish to reiterate that our trust being a Christian Minority trust, Christian principles and those will be practiced and followed in all our nursing institutions without hurting the sentiments of our students. I am happy to convey that all our courses are approved and recognized by Government of Tamil Nadu, Indian Nursing Council, Board of Nursing Education, Tamil Nadu Dr. M.G.R. Medical university and Tamil Nadu Nurses and Midwives Council, Chennai.

Dr. Sheeba Jayalal, M.B.B.S., D.G.O

Principal's Message

Dear Students,

It is my pleasure to greet you all to our institution. Nursing is a unique professional body in the health care delivery system and nurses play a core component in the health care team. In the present global village they have different role in the society and hence practicing competently in their area of interest. The opportunities are wide open in various sectors in institutions, hospitals as well in the community.

Human beings are influenced by their own beliefs, values, principles and it is to be expected that each students should have their own. Irrespective of that, there would be a common goal for everyone. Also, our institution provides democratic atmosphere in teaching and living situation. The Education and practice of nursing is based on advanced technology and scientific principles.

The teachers of our institution have the responsibility to be role models and create learning environment that enable the students to acquire inquiry driven, self directed learning and foster an attitude of lifelong learning.

I am sure that our institution will pave a strong foundation for nurses, as we have a system of education and administration with highly experienced and well qualified teaching fraternity.

Prof. Mrs. **J.M. Jerlin Priya,**
M.Sc(N), Ph.D

Prof. Mrs. J.M. Jerlin Priya M.Sc(N), Ph.D

ROUTE MAP

LOCATION

Annammal College of Nursing is situated in the Annammal Hospital Campus at Kuzhithurai in the National Highway connecting Trivandrum (36 km) and Nagercoil (28 km) and is located in a serene and hillywide spread region with well-fenced natural atmosphere. It is well connected by train and bus. It is just at 100 mts on the National Highway from Kuzhithurai junction.

PHILOSOPHY AND OBJECTIVES

The main aim of our institution is to motivate and equip the students with nursing aptitudes in the rural areas so as to empower them and to upbring the standards of society and thereby achieve physical, mental, social and spiritual health of the people.

This trust is formed on the memory of the philanthropist and visionary late Mr. J. Austin with the motto of "Love your neighbour as you love yourself". The main objective of Annammal College/ School of Nursing will be to impart the health care facilities with human face and instill the attitude of providing tender loving care with empathy and compassion to the needy and sick people so that they will be cured not only physically but also have positive impact on mental, social and spiritual state too.

The students of this institution will be motivated and educated to serve and discharge their duties with love and compassion as God loves the world and as they do it for themselves and for their family members. We also endeavour to upbring the deserving candidates especially from rural areas irrespective of caste, creed or religion to render quality care to the sick.

In this southern part of our country with high literacy rate and mental aptitude for this professional course, this institution will be able to educate and produce nurses of high standard and quality with homely and spiritual atmosphere. This institution will strive hard for the comprehensive development of the nursing students as a person by developing their skills, attitudes and character and the students will be taught and trained to uphold the dignity and divinity of nursing profession as shown by the lady with a lamp, Florence Nightingale and also Mrs. Annammal and to mould them as a socially relevant, spiritually alive and professionally competent nursing personal in this world. To achieve this and keep them physically fit, time and facilities for sports and games will be provided along with moral and spiritual education.

Parents / Guardians are reminded that they are not free from their responsibility once their ward is admitted in the institution. The Institution expects them to co-operate with the management in the education of their children. They should follow the students progress in studies and her general conducts in and outside the campus. Their cooperation is solicited to ensure regular attendance.

Hostel Rules and Regulations

Instructions

- * Every student must stay in the hostel during their course training period, compulsory internship and ward service period.
- * Students staying in the hostel should treat it as their own home and live in cooperation considering the comfort of other inmates of the hostel.
- * Students should be neat and clean and should keep their rooms, bathroom and toilets clean and tidy at all times. They must use electricity and water economically.
- * All students must follow the timetable for their daily activities. It is compulsory that they go to the study hall during the study hours and go in time to the dining hall for food.
- * Students will be responsible for their own belongings. They should not keep money, gold ornaments or their valuables in the hostel. The institution will not be responsible if anything is lost.
- * Students should not lend or borrow money. Cell phones are strictly prohibited in the hostel.
- * Including parents, only four members will be permitted as authorized visitors for the students and the authorized visitors should produce their photo identity permit card issued by the Principal during the visit.
- * Visitors will be permitted only during the visiting time between 2.00 p.m. to 6.00 p.m. on Saturdays and Sundays).
